

LIMPID LIGHTS

collection 2015

Do we understand what happens when we dim our lights? How can we include dimming as a part of the design? These are some of the questions that triggered the design of Exploded View, a series of lighting objects that incorporate movement as a key element of its design.

By moving the light-source away from, or closer to the lighting object, the intensity of the light can be adapted. After all, the sun never fades; it is the earth that moves closer and further away, causing the light to reflect, change colour, dim or die.

Left to right
Limpid Light - M, S, L

LIMPID LIGHT S

Light Source	Led 12 W 2700 K 1200 lm CRI 80
Product use	Indoor
Dimensions	166 x 166 x 385 mm (l x w x h)
