

VANTOT

FEATHER FLOOR LIGHT

COLLECTION 2017

Electric current is often perceived as something frightening, but what would it be like if low voltage would be the new normal? Would we still be afraid to touch it? VANTOT based their collection on the idea that electric current is a fundamental part of our home interiors.

The Feather family consists of free-formed structures with various interchangeable handblown "LED bulbs". Which amount of light do you prefer? And where? Change the (amount of) light easily by connecting any bulb on any place by your desire.

FEATHER FLOOR LIGHT SPECS

CODES	#165 - FLOOR LIGHT #646 - GLASS SHAPE, FULL SANDBLASTED #653 - GLASS SHAPE, PARTLY SANDBLASTED
LIGHT SOURCE	LED Integrated 12V 2700 K 1200 lm CRI 80
DIMENSIONS	200 x 400 x 1750 mm (l x w x h) Package 1 box 300 x 500 x 2000 mm (l x w x h)
NETTO WEIGHT	6 kg
MATERIALS	Copper-plated metal & sandblasted glass
FINISH	 Copper
DIMMABLE DRIVER	Dimmer not included

FEATHER

FEATHER TABLE LIGHT

COLLECTION 2017

How can we implement electric components as part of the design, instead of hiding them? These are just some of the questions that VANTOT used as a guiding light while designing their collection Feather.

The table light shows the free-form quality within this design. The base of the light will be the + pole and the steel cable around the object shows contour and functions as the – pole.

FEATHER TABLE LIGHT SPECS

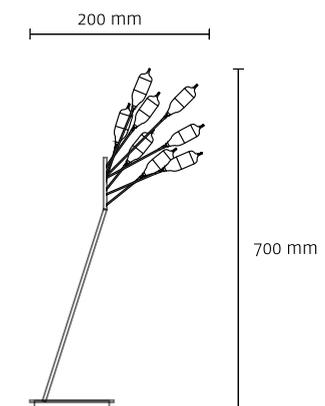

CODES	#158 - TABLE LIGHT #646 - GLASS SHAPE, FULL SANDBLASTED #653 - GLASS SHAPE, PARTLY SANDBLASTED
LIGHT SOURCE	LED Integrated 12V 2700 K 1200 lm CRI 80
DIMENSIONS	200 x 200 x 700 mm (l x w x h)
NETTO WEIGHT	2,14 kg
MATERIALS	Special Material : Copper Copper plated metal & sandblasted handblown glass. * Please note this item may naturally corrode in time.

Material : Varnished metal
Varnished metal (dark grey) & sandblasted handblown glass.

Foot : Dark grey * Different color on request

FINISH  Copper  Dark grey

DIMMABLE DRIVER Dimmer not included

FEATHER CHANDELIER SPECS

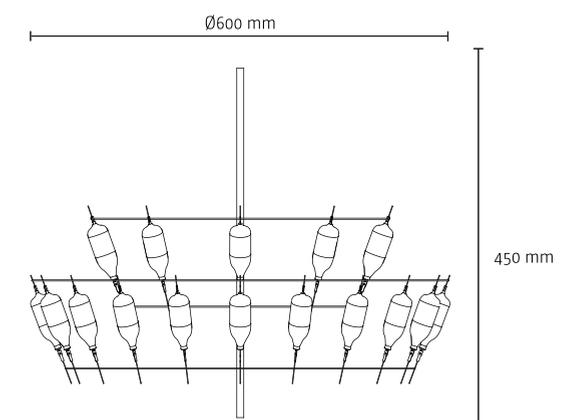

CODES	#639 - CHANDELIER #646 - GLASS SHAPE, FULL SANDBLASTED #653 - GLASS SHAPE, PARTLY SANDBLASTED #660 - CANOPY
LIGHT SOURCE	LED Integrated 12V 2700 K 1200 lm CRI 80
DIMENSIONS	600 x 600 x 450 mm (l x w x h)
NETTO WEIGHT	5 kg
MATERIALS	Special Material : Copper Copper plated metal & sandblasted handblown glass. * Please note this item may naturally corrode in time.

Material : Varnished metal
Varnished metal (dark grey) & sandblasted handblown glass.

Foot : Dark grey * Different color on request

FINISH  Copper  Dark grey

DIMMABLE DRIVER Dimmer not included

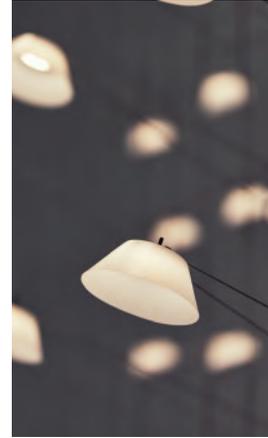

DISCOVER

VANTOT works in translating innovative and experimental ideas into refreshing applications, products, and installations. Sometimes, products are made on request as a project. We are specialized in lighting and also creating other products in different categories which will be shown in the following content.

VANTOT

For Dutch duo VANTOT, it's all in the name. Literally translated from Dutch to mean 'from to', VANTOT focuses on the entire process, starting with a technique and ending with the product. The pair strives to find new applications for innovations in everyday life, and it's not only new-found technologies which have seized their interest. Serving as a guiding light in the duo's work, antiquated techniques are put to good use in modern day outlets, mutually benefiting from today's updated knowledge base.

Take electricity. Although light bulbs have been around for centuries, innovations – such as the rise of the LEDs – have made continuous evolution possible. And today, electronic devices operate on much lower voltages than ever before, significantly decreasing its hazardous aspects. While direct contact with electricity – and light – used to be a no go, recent developments illuminate completely new realms for the old technology.
